

### **Maths: White Rose, Times Tables and Fluent in Five.**

Years 3 and 4 will focus on place value, addition, subtraction, multiplication, division, and continue to learn times their tables up to 12, developing fluency and problem-solving skills.

Years 5 and 6 will develop their skills in place value, addition, subtraction, multiplication, division, fractions, decimals, percentages, and times tables to enhance fluency and reasoning.

### **History: Through the Ages**

Your child will learn about three different periods of British prehistory: the Stone Age, Bronze Age and Iron Age. They explore the changes to people, homes and lifestyle throughout the different periods and investigate examples of prehistoric settlements, monuments, burials and artefacts in detail.

## **Oak Class Autumn Term What are we learning?**

**School Values: Kindness, Courage and Respect**

**Art: Contrast and Complement:** We are learning about colour theory by studying the colour wheel and colour mixing. It includes an exploration of tertiary colours, warm and cool colours, complementary colours and analogous colours, and how artists use colour in their artwork.

**D.T.: Cook Well, Eat Well:** This project teaches children about food groups and the Eatwell guide. They learn about methods of cooking and explore these by cooking potatoes and ratatouille. The children choose and make a taco filling according to specific design criteria.

**Computing:** We're focusing on online safety to help your child use the internet responsibly and enjoyably. They'll learn about protecting personal info, recognizing safe sites, respectful communication, privacy settings, and talking to trusted adults if they feel unsure or upset.

*We look forward to inviting you in for our **Showcase** afternoon where we can share all our learning with you!*

**Y3/Y4 Science: Animal Nutrition and the Skeletal System** We are learning the importance of nutrition for humans and other animals. They learn about the role of a skeleton and muscles and identify animals with different types of skeleton.

**Y5/Y6 Science: Circulatory system** . We are learning about the transport role of the human circulatory system, its main parts and primary functions. They learn about healthy lifestyle choices and the effects of harmful substances on the body.

All children need PE kit on Tuesdays; Year 5/6 also on Fridays. Please read together three times a week, practise times tables, and look out for homework booklets, including spellings soon!

**Music:** Your child will explore pulse, rhythm, tempo, dynamics, and pitch, sing weekly, and study music history. Their singing will be showcased in our church celebrations this term which we warmly welcome you to join us for.

**PSHE: Jigsaw – Being Me in My World**  
This term in PSHE, children will explore their identity, rights and responsibilities, setting personal goals, and understanding how their behaviour impacts others—building confidence, empathy, and a positive role in the community.

**PE:** This term's sports are swimming (Y3/Y4), netball (Y5/Y6), hockey, gymnastics and football. Mr. Burns will lead Tuesday's PE, with the Oak class team teaching on Friday's. Swimming details for Y3 and Y4 coming soon!
